

THE "DAILY TIMES"

Postmaster at Barre as Second Class Matter.
 E. E. Langley, Publisher.

DAY, DECEMBER 23, 1907.

Christmas to all readers of the Times.

Tracy of this county will be an ever watchful now.

might possibly add a little cheer to somebody's life.

Following Johnny Moran of Boston hanging down on several hotel porches.

Swanton can't be blamed for feeling West joyful over the latest interpretation of a recent customs ruling which, as thought, would shut off that town from a great revenue. As now decided.

ed Swanton will still continue to be an important port of entry to this country, while St. Albans will get only that portion of the freight "for immediate transportation without appraisal."

The question of seining in Lake Champlain seems to rest lightly on Canadian shoulders. The more Vermonters protest the more do they seine up there.

A sequence to the overthrow of the bosses in the recent elections throughout the country is the dethronement of Boss Odell, who has been at the helm of Republican politics in New York state for several years. Odell's overthrow was the result of the natural order of events, and his own blindness to the demand for reform, that reform to begin with the boss himself. Republicans in New York county have thereby joined the popular wave of antagonism to being led by the nose regardless of the foulness of the wether which they are asked to wade through.

Christmas is almost here. One can almost hear the rustle of his wings and the beat of the reindeer feet.

He has already sent us his advance orders and we've carefully filled them. If you have any late orders to fill we'll fill them early.

Everything for Men and Boys in the line of luxuries for dress.

END AGREEMENT.

Trans-Pacific Lines to War for Oriental Flour Trade.

Portland, Ore., Dec. 23.—An agreement dividing territorially the oriental flour trade between the large trans-Pacific steamship companies came to an end Thursday, as a result of a meeting of the representatives of the different companies held here for the purpose of inducing the Great Northern Steamship company to confine itself to Oregon and Washington and not to invade California. The conference failed.

The Morning Oregonian states that there is no doubt that the Hartman lines will establish agencies in Portland, Seattle and Tacoma and that the Boston Steamship company, operating the Nippon Yusen Kaisha lines, and the Northern Pacific lines will enter California.

FAMINE AND PLAGUE.

Japan Smitten by Terrors of Want in Some Provinces.

Tokio, Dec. 23.—An eye-witness to the extent of the famine in the north-east provinces who has just returned, reports the condition of the people to be really deplorable. Thousands are on the verge of starvation, and speedy relief alone will save them. Measures of relief will be vigorously taken up here, and assistance from sympathizers abroad will be welcome.

Far eastern ports are declaring a quarantine against Kobe on account of the increasing prevalence of the bubonic plague there.

PIERCE GOES TO NORWAY.

He Will Be First Minister from United States.

Washington, Dec. 23.—Herbert H. D. Pierce, third assistant secretary of state, has been selected by the President as the first American minister to Norway. Charles Denby, chief clerk of the department, has been determined upon as successor to Mr. Pierce in the State Department. This announcement was made officially at the department yesterday. Official announcement also was made that David E. Thompson, former minister to Brazil, has been chosen as ambassador to Mexico.

HIS YACHT IN PERIL?

Report Concerning the Niagara, Owned by Howard Gould.

New York, Dec. 23.—A report was circulated here yesterday that Howard Gould's yacht, the Niagara, on which Mr. Gould is making a cruise to the West Indies, was in danger on account of storms along the Atlantic coast, and that two revenue cutters had cleared from Norfolk, Va., in search of her. At Mr. Gould's office it was stated that a cablegram was received from Mr. Gould last Wednesday, which he had sent from Nassau, in the Bahamas Islands, to a relative in this city.

FIND POISON IN STOMACH.

Startling Climax in Mrs. Todd Death Mystery.

New York, Dec. 23.—Poison has been found in the stomach of Mrs. Margaret Todd, thus substantiating the theory of her friends that the rich and eccentric woman was decoyed to Philadelphia, drugged and her body thrown

upon the tracks of the Philadelphia & Reading railroad, where it was subsequently discovered mangled. Announcement of the result of the chemical analysis of the vital organs of Mrs. Todd was made yesterday. It came as the belated climax to what promises to become one of the most celebrated murder cases, involving the elements of intrigue, greed, brutality and romance.
